

Commercial Seller Advisory

When in doubt – disclose!

Sellers are obligated by law to disclose all known material (important) facts about the property to the buyer. Arizona law requires that you disclose material facts about the property whether or not you are asked by the buyer or a real estate agent, or when asked to complete a disclosure form. You may also be required to complete and record an affidavit of disclosure if selling property in an unincorporated area of a county.

If the buyer asks you about an aspect of the property, you have a duty to disclose the information, regardless of whether or not you consider the information material. You also have a legal duty to disclose facts when disclosure is necessary to prevent a previous statement from being misleading or a misrepresentation: for example, if something changes. However, a seller does not generally have a legal obligation to correct defects in the property, as long as the defects are disclosed. Any correction of the defects is a matter of contract negotiation between you and the buyer.

If you do not make the legally required disclosures, you may be subject to civil liability. Under certain circumstances, nondisclosure of a fact is the same as saying that the fact does not exist. Therefore, nondisclosure may be given the same legal effect as fraud.

The Arizona Association of REALTORS® Commercial Seller's Property Disclosure Statement ("SPDS") is designed to assist you in making these legally required disclosures and to avoid inadvertent nondisclosures of material facts.

You should complete the SPDS by answering all questions as truthfully and as fully as possible. Attach copies of any available supporting documentation to insure that you are disclosing accurate information. Also, use the blank lines to explain your answers. If you do not have the personal knowledge to answer a question, it is important not to guess — use the blank lines to explain the situation.

The SPDS is divided into nine general sections:

- (A) Ownership and Property:** This section asks for general information about the property such as location and ownership. Any seller should be able to answer most, if not all, of the questions in this section.
- (B) Property Type:** This section indicates whether this is office, industrial, retail, etc.
- (C) Utilities:** You are asked whether the property currently receives the listed utilities.

- (D) Access/Use:** This section asks for any easement or restriction information governing the property.
- (E) Compliance with Law/Legal Matters:** Zoning issues and any previous property violations are addressed here.
- (F) Contractual Obligations:** This section asks what, if any, contractual obligations are attached to the property.
- (G) Environmental Factors:** This section deals with the property and the area around it. What, if any, environmental factors such as noise, hazardous materials, etc. are addressed here.
- (H) Reports/Studies:** If there have been any studies or reports made on this property, you will be asked to address them here.
- (I) Material Physical Defects and Other Factors:** Any miscellaneous items not addressed elsewhere are addressed in this section.

Please note: By law, sellers are not obligated to disclose that the property is or has been: (1) the site of a natural death, suicide, homicide, or any other crime classified as a felony; (2) owned or occupied by a person exposed to HIV, or diagnosed as having AIDS or any other disease not known to be transmitted through common occupancy of real estate; or (3) located in the vicinity of a sex offender. However, the law does not protect a seller who makes an intentional misrepresentation. For example, if you are asked whether there has been a death on the property and you know that there was such a death, you should not answer "no" or "I don't know"; instead you should either answer truthfully or respond that you are not legally required to answer the question.
