

RECOMMENDATION TO THE EXECUTIVE COMMITTEE

FROM:

Gunner Mitchell, Chair, Business Services & Technology Committee

RECOMMENDATION:

To approve the renaming of the Business Services & Technology primary Committee name to “*Business Technology and Communications*”

BACKGROUND:

As the communications workgroup is an important component to the BS&T committee, it has been recommended that we include *communications* in the Primary Committee name and change the communications workgroup to the *Member Communications Committee*, which will be formed yearly and report to the Primary Committee. The Primary Committee name change requires Executive Committee and Board of Directors approval, however the change to the *Member Communications Committee*, does not. The Member Communications Committee and its objectives will be included in the annual Primary Committee Business Plan. Including *Communications* in our committee name serves to more accurately describe the committee’s purpose.

BUDGET IMPACT:

None

MOTION:

TO APPROVE CHANGING THE NAME OF THE BUSINESS SERVICES AND TECHNOLOGY COMMITTEE TO “*BUSINESS TECHNOLOGY AND COMMUNICATIONS*”.
