

Communication with Those Charged with Governance

March 9, 2023

To the Board of Directors
Arizona Association of REALTORS[®], Inc.
Phoenix, Arizona

We have audited the financial statements of Arizona Association of REALTORS[®], Inc. (the Association) for the year ended December 31, 2022, and have issued our report thereon dated March 9, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 17, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Practices - Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Arizona Association of REALTORS[®], Inc. are described in Note 1 to the financial statements. The Association implemented the provisions of Accounting Standards Update (ASU) No. 2016-02, *Leases (Topic 842)*, which establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Implementation of the new provisions resulted in no significant changes in the Association's financial statements. The application of existing policies was not changed during the year ended December 31, 2022. We noted no transactions entered into by the Association during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting Estimates - Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive accounting estimates affecting the financial statements of the Association.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit - We encountered no difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements - Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected as a result of audit procedures.

Disagreements with Management - For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations - We have requested certain representations from management that are shown in the attached *Exhibit 1*.

Management Consultations with Other Independent Accountants - In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Association's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues - We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Association's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters - With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the board of directors and management of Arizona Association of REALTORS[®], Inc. and is not intended to be, and should not be, used by anyone other than these specified parties.
